Inhibitor is derived from soy bean or cereals, and inhibits the  
 digestion and absorption of lipid derived from food by oral admin..  
 Also new are the prevention and treatment methods of  
 hypercholesterolaemia, hypertriglyceride and obesity.

USE/ADVANTAGE - The lipase inhibitor reacts specifically against  
 lipase derived from pancreatic juice or microorganism, and does not  
 react against other enzymes. It is effective for lowering serum  
 triglyceride, serum cholesterol and body wt.. Pref. lipase inhibitor is  
 powder or liq.. The food contains the lipase inhibitor in a desirable  
 form.
